

Squat Rack / Dip Stand (272kg) 270RS

SKU: 270RS

Product Images

Short Description

Are you thinking about buying a power rack?

Also known as a "Power Cage", we are talking about one of the indispensable machines if you want to set up a serious and advanced home gym.

Combined with a separate bodybuilding bench it will serve as a strength machine for multiple exercises. Without it it has the function of serving as a support for weights and long bars, so you have a 2 in 1 machine!

Training alone and safely from home is now possible with the Titanium Strength Squat Rack. You can do your compound exercises, such as squats or bench presses, professionally, regularly and intensively.

Just add bench, bar and weight discs and train hard!

Description

Why you should buy the Titanium Strength 270RS Squat Rack / Dip Stand (551Lbs)?

There are many reasons for buying a Power Rack, but if you want to know why you should buy a Titanium Strength rack then we'll tell you what:

- It serves as a stable support for weights and long bars, but also as a strength machine for fitness and bodybuilding, 2 in 1.
- It is a brand that represents quality. We are talking about a robust, resistant, long-lasting strength machine suitable for intensive professional use.
- Very good stability and capacity of 600 Lbs.
- It is adjustable in height and width.
- Combined with an independent bodybuilding bench, it will allow you to perform bench presses, inclined presses, dead weight, military presses, squats, bottoms and other fitness and bodybuilding exercises safely and efficiently.
- It has an unbeatable price that allows you to start building your home gym.
- Easy assembly with few parts and screws.

What are you waiting for to have a strong, muscular body?

Your home gym is just a click away

If you're looking for a basic, functional strength cage at an affordable price that also serves as a support for weights and long bars, the Titanium Strength Squat Rack is your best choice.

It can be your first investment in having the gym of your dreams in your home.

Can you imagine it?
